

## League Holds Its Annual Meeting At Bell Restaurant

### Round Table Discussion Of Growers and Shippers Interests Aired

The annual meeting of the Everglades branch of the National League of Wholesale Fresh Fruit and Vegetable Distributors was held at the Bell Restaurant on Tuesday night, with representatives of the 20 member firms in attendance. A wholesome dinner was enjoyed prior to the transaction of the business of the day.

Officers elected at the October meeting were duly installed in office as follows: President, Roy Segre; vice president, Lee Hayman; secretary, A. D. Beverly; treasurer, Frank Dooley. The president will name his standing committees at the December meeting, to be held in Palatka.

President Segre, who is entering into his third term in that capacity, stated that the past year had seen much hard work, which had ensured to the benefit of the local league, and with a bit more cooperation among League members, far more could be accomplished in the coming year.

As there will be a three day closing of the markets of New York this week end, steps were taken to try to get the New York merchants to keep open on Monday, so as to receive and handle the influx of new shipments from the Glades area. (Continued on Page 2)

## PHOTOGRAPHER OPENS STUDIO IN BELLE GLADE

H. Marvin Dresbach, portrait photographer, who formerly conducted a studio in Palm Beach, is moving to the Glades and will open a studio in Belle Glade during the coming week.

The studio will specialize in high-grade portraits in color as well as the conventional black and white. Special attention will be paid to wedding parties, outdoor gatherings and all types of commercial work. Special consideration will be given to those who wish new portraits for Christmas gifts.

## Secretary Anderson To Talk To Florida Farm Bureau On 15th

Clinton P. Anderson, United States Secretary of Agriculture, will give the feature address on the first day program of the fourth annual Florida Farm Bureau Federation opening in Orlando November 15. This will mark the first time in eighteen years that a Federal Secretary of Agriculture has paid a visit to Florida.

Anderson will arrive in Orlando the morning of the 15th and will visit groves, packing houses, canning plants and pulp mills before making his (Continued on page 2)

## Dr. Thomas Breger Attends Mother's Funeral

Dr. Thomas Breger of the Everglades Experiment Station was called away Sunday by the death of his mother, Mrs. John Breger.

Mrs. Breger resided and was buried in Rock Island, Illinois. Funeral services were held in her home on Nov. 7th. Mrs. Breger was 84 years of age.

## EAT RIGHT

Did You Know That? Peanut butter is a valuable food many of us overlook. Rich in protein as well as fat, it also has that sparkling vitamin we call B1.

Peanut butter is versatile, too—it can be used in many ways. It can be spread on bread, or it can be used to partially replace the fat in such recipes as cookies, waffles and griddle cakes. The amount used must equal the amount of fat. Do try it.

Add a little honey to the peanut butter for sandwiches—then it won't stick to the roof of the mouth.

## Football Contest Will Be Played In Hollywood

The annual football classic between the Belle Glade Golden Rams and the Danin team, will be played in the Hollywood stadium, on this Friday night, with representatives of the 20 member firms in attendance. A wholesome dinner was enjoyed prior to the transaction of the business of the day.

Officers elected at the October meeting were duly installed in office as follows: President, Roy Segre; vice president, Lee Hayman; secretary, A. D. Beverly; treasurer, Frank Dooley. The president will name his standing committees at the December meeting, to be held in Palatka.

President Segre, who is entering into his third term in that capacity, stated that the past year had seen much hard work, which had ensured to the benefit of the local league, and with a bit more cooperation among League members, far more could be accomplished in the coming year.

As there will be a three day closing of the markets of New York this week end, steps were taken to try to get the New York merchants to keep open on Monday, so as to receive and handle the influx of new shipments from the Glades area. (Continued on Page 2)

## City Building Program Taking Big Proportions

One hears this and that concerning proposed building projects that are to be carried out in the Glades area in the near future. Some of these reports have fact to them, and when the building program becomes a reality, the city will have a number of excellent new business buildings.

The Herald has been able to take out definite information concerning four of the projects as follows:

The Glades Appliance Corporation, (Crech interests) have been building for the Belle Glade Lumber Company. (Continued on page 6)

## Candidate Holland Is Experienced Florida Cracker Statesman

Spessard L. Holland, 53 year old former Governor of Florida, has announced that he will be a candidate for United States Senator in the Democratic primary next May.

Holland is a native of Bartow, Florida. He graduated from Emory College in 1912 and from the University of Florida in 1916. He has been a "cracker" since both Emory and Florida in basketball, football and basketball.

He had scarcely begun the practice of law in Bartow when the United States declared war on Germany during World War I. He volunteered and was commissioned a second lieutenant in the United States Army.

He was severely wounded in the Meuse Argonne Campaign, St. Mihiel and Lunenburg sectors, prior to and during the offensive on those fronts. He was brought down two German planes and was himself brought down by an enemy plane in the latter part of the war. He resigned his commission in July, 1919, to resume law practice in Bartow.

Holland was elected County Judge of Polk County in 1920 and served in that capacity for eight years. In 1932 he was elected to the state senate. In 1940 he was elected Governor of Florida and served until the first of this year.

Mrs. Holland is the former Mary Groves of Lakeland. The couple were married in 1914. They have four children: S. L. Jr., a first lieutenant in the Marine Corps, stationed at Nagasaki, Japan; Billy Ben, Jr., a gunner on a Navy dive bomber now stationed at Oklaheka; Mary, a junior at the Florida State College for Women, and a daughter, a student at Bartow High School.

## Sound Of Trucks Now In Our Midst As Season Opens

### Beans Move To Market In Excess Of 200 Carloads For Week's Record

One has only to stand on the streets and watch the throng of trucks passing to know that the harvest in the Glades vegetable growing sections is in the full swing. The trucks are everywhere, as they transport the succulent bean from the field to the packing house, and from the packing house for the long trek to northern markets.

Practically all the packing houses in the shipping center, and there is a hum of industry there is a good sound to the ears.

I. E. Hamilton, traffic manager for EGO, informs the Herald that estimates were set for 150 cars of beans for the present week, but that this might be increased to the 200 (Continued on page 4)

## Country Club Opens Season With Saturday Night Dance

The Board of Directors of the Country Club of the Everglades met Thursday night at the home of Mrs. Ruth Wedge, and discussed the opening of the Little Doe Van Landingham as President, E. A. McCabe and Bea Fleming vice president and Hilda Hitchcock as Secretary.

To open the season social functions, there will be a dance Saturday night at the Country Club with an imported orchestra. Members and their invited guests are to be present. It is the up-keep—that's steady. "Piddin is no substitute for intelligent maintenance" said one experienced engineer.

Intelligent maintenance paid off in the Glades in two instances during the recent hurricane and the general rains in the peninsular of Florida.

Land owners in Glades water control districts are coming to the conclusion, like "Pop" with the blower, "It ain't the original cost, it's the up-keep—that's steady." "Piddin is no substitute for intelligent maintenance" said one experienced engineer.

The Sugar City team surprised the Rams by the very good game they played, although outclassed, if the Rams had put on their real power. Clewiston relied almost entirely on its passing ability, and it was through that manner that it scored its two touchdowns. Belle Glade played largely its line, end and passing game, with Joe Cherry holding the hot spot for the three touchdowns and Bearden for one. A fifth touchdown was made but officials called it back on an off side play.

The Clewiston fans were anxious to see the famed Cherry in operation and the lad did not disappoint them a bit, as he was like a wild horse in his plunging and romping over the grass field. However, he drew up the latter portion of the game with a charley horse and had to take two breasting spells. Bearden also played a helping game in the touchdown scoring. Clewiston had a pair of ace in Pullen and Trive, and the former pulled off two long, nicely executed side line runs to score.

(Continued on page 6)

## Birth Announcement

Mr. and Mrs. Milton Geise announce the birth of a son at the Everglades Memorial Hospital on November 3rd.

MARTHA PAFF Following two years of service in the WAVES, Martha Pauff has returned to the Naval Separation Center in Washington, D. C. for her release. She is a radio broadcasting secretary and has been stationed at San Pedro, California, for the past year.

ALTON ROSCOE GILBERT Gilbert writes from the Philippines: "Have just arrived at this station and I certainly don't want the Herald to lose sight of me. I like to keep up with the Glades, especially Belle Glade as that was my home for several years before I entered the service. This island I am on reminds me of the east coast of Florida below Hialeah. We have palm trees but no royal palms."

WM. P. RISK, Jr. Billy Risk, son of Mr. and Mrs. W. P. Risk, received his commission in the Army on October 27th, after four and

## Housekeeping Pays Off, As A Matter Of Fact It's Necessary In Water Control

### The Newest Water Control District In The Glades Weathers A Hurricane Successfully

"Housekeeping" in a water control district is as important as the installation of the system. Unless districts are kept clean and pumps and power units are in working order, your money is wasted.

I. E. Hamilton, traffic manager for EGO, informs the Herald that estimates were set for 150 cars of beans for the present week, but that this might be increased to the 200 (Continued on page 4)

## Local Area Lists Millions For Post War Expenditures

The workable survey conducted in the Belle Glade-Clewiston area by the Palm Beach County Resources Development Board, assisted by a local committee composed of Joe Freeland, Dr. Roy Baird and Luther Jones, has completed and released its compilation report.

This report sets forth the problem of expenditures which will be made for various types of merchandise during the next three year period. It will set a stage for retail dealers as to the amount of and type of goods to stock for retail sales, fixing estimated figures at the vast sum of \$4,412,630.

First year, \$464,000; second year, \$688,000; third year, \$176,000; a total of \$1,228,000. For maintenance, additions and repairs in a like period: first year, \$167,020; second, \$45,800; third, \$19,000; or a grand total of \$230,420.

That the homes are going to be turned up and improved, and supplied with new furnishings, is shown by estimated total expenditures of \$329,740. A breakdown of these expenditures follows:

Furniture, \$130,800; water heaters, \$16,000; kitchen sets, \$20,420; washing machines, \$20,420; lawn and garden tools and light fixtures, \$6,200; piano and musical instruments, \$9,800; radios, \$25,540; vacuum cleaners, \$6,900; refrigerators, \$37,600; ironers, \$2,900; rugs, \$1,000. (Continued on page 8)

## Country Club Dance

The Country Club of the Everglades announces its first fall dance at the club house, this coming Saturday night, with the Melody Makers providing the dance music. Club-sponsored events are always enjoyable affairs.

(Continued on page 6)

## Golden Rams Pin Victory On Banner Over Clewiston

### An estimated fifteen hundred people saw the football clash between Belle Glade and Clewiston, at the latter's field, on Thursday night, November 1st, which ended in a score of 19 to 12 in favor of the Golden Rams.

The Sugar City team surprised the Rams by the very good game they played, although outclassed, if the Rams had put on their real power. Clewiston relied almost entirely on its passing ability, and it was through that manner that it scored its two touchdowns. Belle Glade played largely its line, end and passing game, with Joe Cherry holding the hot spot for the three touchdowns and Bearden for one. A fifth touchdown was made but officials called it back on an off side play.

The Clewiston fans were anxious to see the famed Cherry in operation and the lad did not disappoint them a bit, as he was like a wild horse in his plunging and romping over the grass field. However, he drew up the latter portion of the game with a charley horse and had to take two breasting spells. Bearden also played a helping game in the touchdown scoring. Clewiston had a pair of ace in Pullen and Trive, and the former pulled off two long, nicely executed side line runs to score.

## News Of Our Service Men

one-half years in the Army. He was married in April to Miss Billie Raitt of Alhambra, New Mexico and they plan to make their home there where he has accepted a position with a radio broadcasting station. They visited Risk's parents here last month.

CARL T. CONE, MM 1st Carl Cone, aboard the USS Mauna Island, is now at Guantanamo back the States. The following letter was written off Okinawa after the typhoon.

"On the 8th of October we received orders to warm up the main engine and stand by for a typhoon. We didn't leave the harbor, and were moored to a buoy with 57,000 lb. weight. When the wind reached a velocity of 170 miles per hour, we snapped our mooring chain and were blown around and around ahead half wide open. We were at the mercy of the Lord when our chain broke and you could see 20 feet in any direction as we were high and fast on a

coral reef out in Buckner Bay and our bottom is pounding loose. The skipper just announced over the loud speaker that he has a message from the Admiral there are no more of the bottom of the ship is ruined and this will be the old Mona's burial ground. If not, they will tow us to Guam for repairs, and my bet is that we will head for the States.

"There were so many sailors drowned in this storm, we are really lucky. Several large ships just capsized and it was fortunate that our ship did not break on those coral reefs. We were notified to keep our life jackets on and be ready to go over the side if necessary. If that happened we would have been swept out to sea and would not have had much chance of surviving.

"Our mail ship was blown ashore and torn up so guess lots of mail will never be delivered. "Just before the storm, we made a trip to Japan to carry the bodies of the dead. Our mail is nearly full. It is really cold (Continued on page 4)

## EDD Board Asked To Form Unit Districts For Work On Two PB County Canals

### Florida Celebrates Thanksgiving Day On November 22nd

Congress has set Thursday, November 22nd, as the date for the annual Thanksgiving day. While Florida has a new law setting the last Thursday of the month for such a celebration, it also provided that if Congress had set a date, the latter would prevail. On that basis the State Government has declared the 22nd as the official date.

That big question being settled, housewives and business people can now make their arrangements for the holiday, and merchants can plan their food supplies to accompany the day. Survey of the food market shows that there will be oodles of turkeys and poultry on the market, possibly pork, too, and plenty of vegetables to make up the side dishes.

The annual religious services in the churches will be arranged, as in previous years, at hours to be announced later.

## Wild Duck Are Plentiful On Big Lake Okeechobee

The wild duck season is now on in Florida, and at the opening of the season last Friday, there were plenty of millions on the lake and surrounding marshes, taking a chance of getting a day's bag of the birds.

Capt. Whittle, who operates the camp at the dyke, reports that there are as many as 85,000 on the lake now, there was at any time during all last season, and the heavy migration of duck from the north has not yet begun, and he is expecting when the weather gets a bit colder, northward migration will be in full swing.

## Glades Lodge Of Odd Fellows Duly Instituted Here

Belle Glade on Sunday entertained a delegation of two hundred visiting Odd Fellows from Ft. Pierce, Okeechobee, Stuart, West Palm Beach, St. Cloud, Ft. Lauderdale and Miami, who came to participate in the work of the founding of Glades Lodge No. 36, O. O. F., at the High School auditorium. The ceremonies began at one o'clock and were not completed until late in the evening.

To formally institute the new lodge and present it with its charter and lodge accessories, the following Grand Officers of the Grand Lodge of Florida came to perform their official duties: Grand Master, Don

Report was made to the more than 25 in attendance at the Everglades Post No. 20, regarding the need for a new site 150 by 275 feet had been purchased for the erection of a new building. The site is on S.E. First Street, 275 feet on the north side of S.E. Avenue D and 150 feet on S.E. Avenue D.

Junius Harris reported work on the new building. The Committee towards a plan for the new home. A general discussion of housing needs for a Post of 500 potential membership was had for the benefit of the Building Committee which is composed of Joe Friedheim, Frank Morris, Junius Harris, J. B. Jones and Thomas Westheimer.

Benny Richmond, Garland (Stringbean) Kessee and Nelson Morris were present and their suggestions for the new building were favorably acted upon. Hitch Hitchcock was presented a trophy and a letter from West Palm Beach Post No. 12.

The Post unanimously endorsed Dwight Rogers' plan to allow GY's the same pay for accumulated leave as officers now enjoy.

A letter from Congressman Rogers reported that steps are being taken to declare the hospital building at Camp Murphy surplus and available to the Post here as a crippled child's clinic.

Those who join other Posts or the county in donating National Councils to the Salvation Army.

## OBSERVATION and Comment

By John M. Glodish

A new girl youth order has now become a fixed institution in Belle Glade, which has the honor of being the first independent chapel of the Rainbow Girls in Florida. This is a Masonic sponsored organization, and its functions are similar to the DeMolay's for the male youth.

The fact that Belle Glade has these two youth groups promises much for our children, in an educational and social manner.

Coach Cook is supervising the physical education of the school boys and building them up with strong physical beings, so they are able to engage in the rough game of football without serious injuries.

Laverly, the physical educator, is also doing a fine job of like program, but not with so (Continued on page 8)

## So-Called Wallis Plan Is Recommended; RDB Help Offered

After full and free discussions from the engineering, political and financial angles, the Water Control Committee of the RDB voted at Palatka Wednesday night to adopt the report of its subcommittee, with the request to the Everglades Drainage Board to form two unit districts, one including lands served by the West Palm Beach Canal and the other that served by the Hillsboro.

The formation of these units is provided in controlling legislative acts. The EDD is directed to form them upon petition of 51 per cent of the lands to be included. Each unit will be separate from all others for administration and taxes, except the EDD Commissioners will act as commissioners for the units. Only those lands benefited, and in the degree benefited, will be taxed.

There is a detailed job to preparing a tax structure and engineering study of the final habilitation and extension, such as is planned, so that owners may decide what monies are necessary to do the job finally agreed upon, and RDB offers in the report to assist the Board in any way, practical.

It was announced as a policy of the Committee to attempt to secure as large favorable participation of individual owners as is possible, and for that purpose the report of the subcommittee will be printed and distributed to each land owner affected.

Two committees will be appointed by Chairman Allison, one for each of the two canals, to canvass owners with a petition to be prepared by the Secretary of the Board in any way, practical.

The report proposes to assist the Board in any way, practical means whereby work can be (Continued on page 4)

## Legion Buys Closein Site For New Home; Many New Members

Report was made to the more than 25 in attendance at the Everglades Post No. 20, regarding the need for a new site 150 by 275 feet had been purchased for the erection of a new building. The site is on S.E. First Street, 275 feet on the north side of S.E. Avenue D and 150 feet on S.E. Avenue D.

Junius Harris reported work on the new building. The Committee towards a plan for the new home. A general discussion of housing needs for a Post of 500 potential membership was had for the benefit of the Building Committee which is composed of Joe Friedheim, Frank Morris, Junius Harris, J. B. Jones and Thomas Westheimer.

**Agriculture Has 60,000,000 Bu. to Sell or Give Away**  
The Department of Agriculture is buying from farmers 60,000,000 bushels of potatoes that the farmers can't sell on the market. In many instances the grower will be paid for his excess potatoes on condition that he be good enough to feed them to his livestock, give or throw them away—do anything he likes with them, just so Agriculture never hears of or sees them again. Other portions of the surplus will be sold to industrial organizations and used in manufacturing alcohol, glucose starch and the like. Agriculture is stuck with these 60,000,000 bushels because, not knowing the war would end so soon, it persuaded the farmers to make the 1945 yield the biggest in history. It guaranteed a floor price for all that could be raised, and now it has to make good. Hardened to this sort of thing, Secretary Anderson suggests that the outcome is perfectly natural, and no more to be wondered at than would be an over-supply of an issue of PRINTERS' INK—if the circulation manager should misjudge his requirements and order four or five thousand copies too many—Printer's Ink.

## Clewiston Women Injured In Accident

South Bay, Nov. 6.—Two Clewiston women were seriously injured in a collision between a light truck belonging to Herman McDougal, and the 9:30 a. m. cane train bound for Clewiston at the South Bay crossing.

Miss Mildred Ault, driver, stated that she neither saw nor heard the train until it hit the rear end of the truck just as it was about to clear the track. The impact hurled the truck about, wrecking the vehicle and throwing out the two women. Miss Ault and Margaret Hutchinson, who were enroute to Belle Glade to visit Mrs. J. D. Poole.

Ed Butler was the only eye witness to the accident. He stated that the train was moving at slow speed with the bell ringing and that the truck was also moving slowly. Near from the moving truck and from the parking place may have hindered the driver from hearing the train and their view of the truck may have been obscured by the refrigerator cars spotted on the siding ready to be loaded with produce.

Road Patrolman R. W. Kaufman investigated the accident. F. W. Kelley of Government Migratory Hospital at Belle Glade responded to a call and had the ambulance at the side of the injured women within five minutes. They were immediately rushed to the hospital for emergency treatment.

**LEAGUE HOLDS**  
(Continued from Page 1)  
riving on Sunday night. Without this concession, local shippers were likely in for a considerable loss.

A. L. Beverly stated that as a result of a short survey trip to the west coast, he had found growers and shippers there were ready to join either the Everglades branch of the League, or form one of their own, the latter preferred. As the west coast proposition is entirely different from the Glades, local assistance will be given to get the new branch organization formed.

Lennie Stuckey, president of the Florida Vegetable Committee, who had just returned from a week's visit in Washington, presented a report of the delegation's activities before Government boards and committees of Congress.

Mr. Stuckey brought a hopeful report that related to the obtaining and control of the Jensenius or Mexican labor, the latter being assured if required, but in what volume was as yet uncertain. Recommendation of the delegation to Secretary Claude Anderson and the Labor Bureau was for the transfer of available labor from Camp Murphy. The Government has made contract for 25,000 of these workers, but at present only 4,200 have been brought to the States, these to be sent to working fields, but the apportionment for each field will be small and limited. Unless an additional 1,500 laborers are so-

the market in greater volume. In the latter line, this competition may be met, by the establishment of like plants in these southern production areas, in packing vegetables in neat small sized consumer containers. Quicker transportation by rail and trucks, will also aid the Glades packers to get their goods on the markets of the north in quicker time period.

## Battle Site To Be Made Into State Park

Okechobee county has one historical spot which is so important to make national in its scope, and that is the Taylor creek site where the Seminole and Federal forces fought a bloody battle on Christmas day in 1857, the last ever staged by the Indians against regular army forces.

Nathan Zelmenowitz, who owns the land surrounding the present Daughters of American Revolution legend monument, has offered the county and state additional land for the establishment of a park at that point. The county and the Rotary club has taken up the project to secure a state park at the site of the battle, and the State Highway Department has promised to lend assistance in the project.

This historical battle was fought between the Seminoles under Wild Cat Alligator and troops from the Missouri Volunteer Infantry and the Sixth Federal Cavalry under General Zachary Taylor. Later to rescue Peace River, the Seminoles killed 25 and wounded 100 others, but how many Seminoles were killed was never known, as they removed their dead, and sought flight into the depths of the Everglade swamp lands.

## Army Recruiters To Open Offices

The U. S. Army opened a recruiting office at the new building on South Bay, Nov. 6. It has offices in the County Building, rooms 704-5-6. Enlistment from the following counties will be accepted: Indian River, St. Lucie, Martin, Palm Beach and Okechobee.

A recruiting team will tour this district this week, appearing at the larger cities at a time and place to be announced at a later date. The response to the current recruiting drive has been very favorable. Up to and including this date, some fifteen men have reenlisted in the regular Army. Any one wishing data on enlistment or enlisting in the regular Army may write or phone the W.P.B. office.

**SECRETARY ANDERSON**  
(Continued from Page 1)  
speech, which will be broadcast at 3 p. m. Later in the afternoon he will visit cattle and dairy ranches in Central Florida.

Reports from the commodity committees of the bureau will occupy the remainder of the Thursday assembly. A banquet

will be held at 7:30 p. m. Thursday at the Greater Orlando Chamber of Commerce building. Anderson and Dr. Roger B. Corbett will be guests of honor for the occasion.

C. Walton Reel, Orlando, a director of the fruit and vegetable department of the American Farm Bureau, will discuss the organization of the new department that was set up under Porter R. Taylor when the A.F. B.F. absorbed the Cooperative Fruit and Vegetable Association on October 15.

The speaker, who made a trip to Chicago after the merger, assisted Taylor's new group in organizing a specialized section to work on problems of citrus, deciduous fruits and vegetables, will speak on the Friday program.

Congressman Joe Hendrick, DeLand, slated on the Friday program, will tell the progress that has been made toward the payment of a Mediterranean Fruit Fly claims to Florida growers.

Roger B. Corbett, secretary and treasurer of the American Farm Bureau, will discuss the newly developed poultry, dairy and livestock departments of the AFBF, and will explain in full the activities planned by the group. He will also be on the Friday schedule.

Mrs. Wilma Sledge, Jackson, Miss., chairman of the Social and Educational department of the Mississippi Farm Bureau, will be the guest of honor at a luncheon to be held at the Orlando Country Club, November 15. All visiting women delegates to the meeting will attend the luncheon.

President D. R. Igoe, Eustis, will preside over the convention session.

## Book Reviewed By W. S. C. Service

Mrs. Herbert D. Beek was in charge of the devotional service at the regular meeting of the Women's Society of Christian Service at the Community Methodist Church Wednesday afternoon, and also reviewed the book, "These Moving Times."

The business session was presided over by Mrs. Frank Morris, vice president, during which time it was voted to collect old copies of religious magazines to be sent to the Philippines.

The next meeting will be held at the home of Mrs. Ruth S. Wedgworth and will be a co-

## GIST OF BUSINESS

Continued from page 1  
had presented a plan and bid for the installation.

Gave C. E. Reidel permission to move a portion of his Main street property to a new location near the Agricultural Ins-

ide block which he will fit up in modern shops, where a new block is soon to be erected on the entire present Chevrolet block by the General Motors Corporation and the Reidel interests.

Mrs. Imogene Fontaine reported to the Commission that the BPW Club had been unable to reach any satisfactory agreement with carnival agents, and hence would not at present take on a sponsorship for such a project. She thanked the Commission for its interest in the

club projects, in giving it first chance on a carnival.

Decided that a complete inventory be taken of city owned equipment and to keep more careful account by means of an in-and-out check system.

Directed Chief of Police J. G. Parrish to notify several judges to remove old cars from side of streets and eliminate the obstruction to traffic; also a like notice on a similar condition on the Palm Beach road.

Commissioners who met with the Drainage District trustees, reported that a plan was being worked out, where a improved street could be constructed on the north bank of the Hillsboro canal, leading from north Main street east to the city limits, leading over to Toonerville. The plan is to be presented when completed by the Drainage District engineers.

Discussion was also held over the financing of the \$27,000 for the added water work improvement plan which will likely be closed at the next session of the Commission.

**MAKE YOUR CAR SHIPSHAPE FOR SUMMER -SINCLAIR-ize**

Making your car Shipshape for Summer will save wear. Sinclair-ize service will make your car Shipshape as its manufacturer recommends. You need this service now, as never before. No new cars are being made. So better not take any chances. Have your car Sinclair-ized right away.

**SINCLAIR-ize SERVICE INCLUDES THIS:**  
To save wear on gears, transmission and differential are filled with summer Sinclair lubricants. Special Hypoid lubricant is used for Hypoid gears.

To save engine wear, crankcase is filled with Oplaine-Motor Oil. It stands up, lasts so long it saves you money. Sinclair Penzance-Motor Oil if you prefer at 3¢ more per quart.

To save tires, tires are inspected for cuts and bruises, inflated to proper pressure.

To help prevent accidents, front wheels are removed and relubricated if your car manufacturer recommends.

To help prevent overheating, radiator is cleaned of anti-freeze, rust and sludge.

To save wear and help prevent squeaks, chassis is lubricated with special Sinclair lubricant.

To give better performance, save gasoline, spark plugs are cleaned and adjusted. Battery and oil and air filters are checked.

Mrs. James A. Ball and baby daughter have returned home from the Everglades Memorial Hospital.

Lieutenant and Mrs. Edwin L. Emery and son, Paul, left last week for Camp Brydridge, Ky., where he is reporting for duty on Nov. 15th.

George Bender is at Rochester, Minn., receiving medical treatment at Mayo's Clinic. Mrs. Bender is visiting her parents in Ft. Lauderdale until his return.

E. D. Barbee drove to Bonifay, Fla., this week and was accompanied back by his parents, Mr. and Mrs. E. L. Barbee, who will visit here.

Miss Mable Fletcher has accepted a position with the U. S. Dept. of Cotton Testing at Atlanta, Ga., and is taking a course at a commercial night college.

Mr. and Mrs. Don Aspey arrived this week from Hartsville, Ohio, to spend the season here. They were accompanied by Miss Carrie Henry of Meriville, Pa., who will spend the winter with Mr. and Mrs. C. J. Aspey.

Mr. and Mrs. T. H. Highstreet spent last weekend with her mother, Mrs. J. E. Rawlinson, at her home in Delray.

Miss Corinne Cohen, district supervising nurse for the government, has been transferred to the headquarters at Pompano. She has been replaced here by Miss Minnie B. Hamilton, formerly of Orlando.

Mr. and Mrs. J. I. Freedlund spent last weekend at Jacksonville as the guests of Lieutenant Commander and Mrs. M. J. Woolsey and son.

Mrs. C. A. Bailey and Mrs. O. G. McWhorter attended a Motor Corps luncheon given by Capt. Pauline Carr at the Garden Restaurant in West Palm Beach last Thursday.

Mrs. Walter Ashley and son John Walter, and Nicky Paff, have gone on a trip to Fort Worth, Pa., to visit their mother, Mrs. N. Paff.

Mr. and Mrs. Floyd Chapman arrived here Friday from Hartsville, Ohio, to spend the winter month.

Mr. and Mrs. John Lowe of Atlanta, Ga., are the house guests of Mr. and Mrs. Otis Hayes.

Peter Mueller is a patient at the Everglades Memorial Hospital in Pahokee.

David, son of Mrs. Margaret Moore, has returned home after receiving treatment at the Good Samaritan Hospital for the past week.

Buddy Friedholm and John Bregger spent last week end in Jacksonville attending a national meeting of the Order of the Arrow, a division of the Boy Scouts.

Brigides-Smith The wedding of Miss Edith Smith and Henry O. Bridges was solemnized Friday evening, November 2, at the home of Mr. and Mrs. Shelley Connell, with the Rev. L. E. Enlow officiating.

The bride, who was attended by her sister, Mrs. F. C. Markham, wore a blue gabardine suit with black accessories and a yellow orchid shoulder corsage. Shelley Connell, brother-in-law of the groom, was best man.

Following the ceremony, an informal reception was held and wedding cake and coffee served to the guests. The couple left immediately on a two weeks' wedding trip to north Florida and Georgia.

Mrs. Bridges has resided here for the past three years with Mr. and Mrs. Markham and was a supervisor for the Southern Bell Telephone Co.

**T. E. L. Class Meeting**  
The T. E. L. class of the First Baptist Church held its regular monthly business meeting Monday night in the home of Mrs. J. D. Hovington.

After the business session, Mrs. H. O. Earwood, teacher, gave a very enjoyable devotional. Refreshments were served by Mrs. Hovington and Mrs. Hubert Tillery, co-hostesses.

The Thanksgiving and Christmas projects were decided upon. The class was well represented.

**G. A. Taylor, Jr.**  
Weds Georgia Girl  
An announcement is being made of the marriage of Miss Ruth Cribbs to George A. Taylor, Jr., on October 28th at Macon, Georgia. The bride is the daughter of Mr. and Mrs. Geo. L. Cribbs of Hahira, Ga., and is employed at the Warner Robins Army Air Field at Macon.

The young couple plan to make their home in Macon where Mr. Taylor will enter Mercer University the first of the year.

The groom is the son of Mayor and Mrs. G. A. Taylor, and recently received his discharge following over four years of service one of which was spent overseas. He held the rank of first lieutenant with the armored division of the Infantry with the 7th Army and took part in the battles of the Ruhr Valley, Ardennes Forest, St. Vith, and the Bulge, where he was captured in December and carried into Poland via Berlin.

After three months in a prisoner of war camp, he later returned to the states, and is the holder of the Silver Star, Purple Heart, E.T.O. ribbon with four bronze battle stars, and the pre-Pearl Harbor ribbon.

**Diane McWhorter Celebrates Birthday**  
In celebration of her third birthday, Diane Sue McWhorter was entertained Saturday afternoon with a party by her mother, Mrs. Charles McWhorter, at their home.

Following a display of the gifts, ice cream and cake was served by the hostess to the following guests: Wallie Mole, Mary Ann Tillery, Sue Ellen Bohn, Jane Ruth Kirk, Margie McDonald, Judy Murphy, Renny Connell, and Donnie Hobson. Mothers attending were Mrs. Graham Mole, Mrs. Ralph Kirk, Mrs. C. A. Boone, Mrs. Gene Connell, Mrs. Dora McWhorter, Mrs. Fred Dooley, and Mrs. Hubert Tillery.

**B.P.W. Club Has Business Meeting**  
A business meeting was held by the Business and Professional Women's Club Tuesday evening at the Community Club House with Mrs. Imogene Eustice presiding. It was agreed among the members not to sponsor a carnival show due to various reasons. A financial report was given by the treasurer, Mrs. Abby Zumpf, and a general discussion was held regarding the successful events participated in during national business women's week. Twelve names were passed by the membership committee and they were unanimously voted into the club as new members, and will be invited to their next meeting to be held November 20th.

Others attending were Miss Sara Creech, Miss Med Scott, Mrs. I. H. Hardy, Mrs. Katherine Harris, Mrs. Ruth Wedgworth, Miss Sue Stanton and Mrs. Florence Smith.

### PRETTY CEREMONIES ATTEND RAIN BOW GIRLS INSTITUTION

One could not visualize a more beautiful and impressive ceremony than that which was staged at the Masonic Hall last Saturday, when Belle Glade Assembly of the Rain Bow Girls was instituted by George N. Clark, active member of the Supreme Council of Rain Bow Girls Association, who came from his home in Cleveland, Ohio, for this express purpose.

This Assembly, which has been in the formation process for several months, presented a charter class of 38, and at this time received its local temporary charter. Following the ritualistic instituting of the Assembly, the chapel members also exemplified the beautiful and impressive degree work of the order.

At 6:30 o'clock, a banquet was served at the Women's club by the mothers of the girls, to about 50 guests, and later in the evening at the hall, came the installation of officers.

The Rain Bow Assembly has an over 400,000.

### Woman's Club Meets

"Buy Bonds to Insure the Peace" was the subject of the address given by C. G. Trammell, Palm Beach County Attorney, at the regular meeting of the Woman's Club Wednesday afternoon. He was presented by Mrs. Lee Puckett, De-fense Chairman, Milton Campbell, chairman of Bond Sales for this area, also urged that everyone get behind the Victory Loan Drive.

Mrs. J. A. Murphy played a piano solo.

During the business meeting, presided over by the president, Mrs. Milton Campbell, the following new members were voted into the club: Mrs. C. J. Aspey, Mrs. Elder Reeser, Miss Sue Murphy, Miss Alma Murphy, Mrs. W. T. Elder and Mrs. M. L. Barry. Mrs. C. H. Borchardt,

membership chairman, presented the following names for consideration at the next meeting: Mrs. George Taylor, Mrs. O. A. Andrews and Mrs. R. B. Simmons.

The club voted to sponsor the organization of a music club in Belle Glade. Mrs. J. A. Murphy, Mrs. Luther Jones and Miss Alma Murphy were appointed on the committee.

It was also voted to send the regular annual Thanksgiving donation to the Florida Children's Home in Jacksonville.

The next meeting will be "Guest Afternoon," with Mrs. E. H. Borchardt in charge of the program.

Guests introduced were Mrs. J. B. Jones, Jr., and Mrs. Elmer Osking of Hatton, N. D.

### COUNTRY CLUB

(Continued from Page 1) twice monthly with Wee Willie Weeks as Chairman of the entertainment Committee.

At a potluck dinner and dance with a business meeting in between, the annual meeting of the Country Club was recently held at the Club House and three members of the Board were elected: Mrs. Ruth Wedgworth, Clarence Aspey and Caspar Van Landingham were elected for the four year term.

Mrs. Wedgworth and Clarence Aspey are to serve on the House Committee with the President and Secretary and Chairman Ben Fleming, Caspar VanLandingham will serve as Chairman of the Greens Committee.

The planting of winter greens will be done beginning Monday, November 12th. Pro. Bill Schaefer reports that the fairways have almost returned to normal from the flooding.

### SOUND OF TRUCKS

(Continued from Page 1) mark. He also stated that the truck movement showed a large volume of produce moving from the parking houses in that type of transportation, representing possibly a majority of the beans.

H. L. Speer, of the Agricultural Extension Bureau, states that at present there are about 2200 field laborers working in the bean and celery fields, but that there is immediate demand for from 1500 to 2000 more workers; and that a call has been made through the city and weekly papers, stating this need for more help. That unless such help is available another labor bottleneck will develop as existed last year, and bean farmers are going to lose some crops, for lack of labor.

That there is as much labor here now, as was needed before the war time extension, but new projects and new growers require more help. Bean pickers are being paid 50¢ the hour, and the first crop is bringing them good picking and good money return for their labor. However, all the negroes do not work every day, which retards harvest work. An endeavor is being attempted to get them to be more regular at their work, but that is a big task to accomplish.

### EDD BOARD

(Continued from Page 1) started at once on minor projects that would give the most immediate relief. There was some discussion as to money on hand in the district treasury that could be made available for that purpose.

The suggestion is made that the activity of all public and private agencies and interests be coordinated in securing both State and Federal aid with flood control, soil and water conservation and water transportation being discussed.

The plan generally purports to provide drainage and irrigation facilities by completing the two canals to the east and by the construction of dykes to prevent water from land not being used, entering the canals during flood conditions. Provision is also made to store water in Lake Okechobee and on storage areas not used for farming to help out during droughts.

East coast members from the Lake Worth Drainage district, and from Jupiter joined other sand-land representatives and monk lake. Dr. R. V. Allison, chairman, presided, with Ralph Blank acting as secretary. Peter Paul DeMoya, chairman of the county organization, was present.

### FIGHT AND WHITE

Continued from page one weather there now. Three large aircraft carriers left Okinawa for the States with practically all the sailors eligible for discharge under the present setup, so I hope to be starting back soon."

# IT'S NEW! IT'S BETTER! IT'S "ZERLATE" AN OUTSTANDING DUPONT FUNGICIDE FOR POTATO BLIGHTS AND OTHER VEGETABLE DISEASES

**"ZERLATE" Fungicide is New**—Now available to all vegetable growers for the first time. It was developed by Du Pont specifically to control early and late blights of potatoes as well as other vegetable diseases. Use as either a spray or dust.

**"ZERLATE" is Better**—In official tests at experiment stations in Florida, Ohio and Delaware, "ZERLATE" led the field in control of many diseases:

**POTATOES**—"ZERLATE" controls both early and late blights of white potatoes. "ZERLATE" sprayed potatoes produce excellent yields.

**TOMATOES**—"ZERLATE" is effective against leaf spot diseases and is the outstanding control for anthracnose.

**CELERY**—Field tests have shown "ZERLATE" treated celery produced many more crows than its nearest competitor.

**BEANS**—Is effective against rust and anthracnose.

**"ZERLATE" is Economical**—Dosages range from one to two pounds per 100 gallons of water. No spreading agents needed except for plants difficult to wet such as cabbage.

**"ZERLATE" Won't Wash Off**—When dry, "ZERLATE" forms a tenacious film.

**"ZERLATE"**—is safe to vegetable crops.

**"ZERLATE" is Compatible**—May be used with any of the common insecticides normally used—including arsenicals, nicotine sulfate, cryolite, rotenone, pyrethrum and DDT in either sprays or dust combinations.

## TO MEET ALL YOUR NEEDS A COMPLETE LINE OF DU PONT PEST CONTROL PRODUCTS

**"DEENATE" DDT insecticides**—For control of insect pests of vegetables and fruits as well as live-stock and buildings. In "DEENATE" insecticides, DDT is especially prepared by Du Pont for farm use. Mixes readily with water. "DEENATE" 50-W has high (50%) DDT content for effective control where minimum visible residue on crop is desired. Also has many other farm uses. "DEENATE" 25-W with 25% DDT content used where minimum visible residue is not important.

**"FERMATE" fungicide**—Is also a protective fungicide for potatoes, celery, tomatoes, beans and other vegetables as well as fruits and tobacco. Also effective in control of damping-off of lettuce. Is effective against many fungi and safe on a wide range of plants. For use as spray or dust. Generally compatible with most insecticides.

**COPPER-A COMPOUND**—Another effective fungicide for use as either spray or dust on celery, tomatoes, potatoes, cabbages, cucurbits, sugar beets, citrus fruits, etc. See also Boron mixture on copper-sensitive plants. For dusting, plants do not need to be moist.

**"NU EXFORM" LEAD ARSENATE**  
CALCIUM ARSENATE  
"ALORCO" CRYOLITE  
BORDEAUX MIXTURE  
DU PONT SPREADER-STICKER  
"GRASSELLI" LEAD ARSENATE

**E. I. DUPONT DE NEMOURS & CO. (INC.)**  
Grasselli Chemicals Dept. Wilmington 98, Del.

Better Things for Better Living . . . Through Chemistry

### WITH "DEENATE" DDT

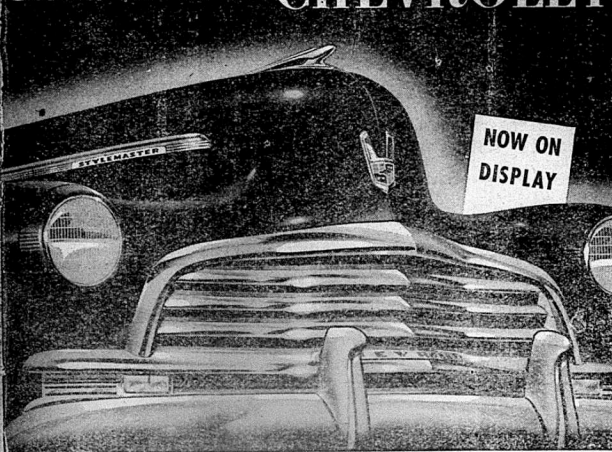

"ZERLATE" also "DEENATE" DDT gives a most effective fungicide-insecticide. In official tests, the addition of "DEENATE" DDT to "ZERLATE" spray and dusts with increased vigor and green color of vines due to its effectiveness against leaf spot and the elimination of "ZERLATE" when mixed with "DEENATE" is same as without.

FOR TESTED PEST CONTROL PRODUCTS

## How much is a tin whistle worth?

Ben Franklin was just a little shaver when he spied that tin whistle in the shop window. His money was burning a hole in his pocket and he just had to have that whistle whether or no.

He wanted it so badly that he plunked down all his pennies . . . without even asking the price of the gadget!

You know the rest of the story. When his tin found Ben had paid five times what the whistle was really worth, he hit the ceiling. To make it worse, Ben found that his whistle wasn't tooting as good as it used to.

Lots of folks today are paying too much for their whistles, too . . . paying high prices for stuff they don't really need . . . or want just because they can't wait until they can buy first-class merchandise and get their money's worth . . . in service and satisfaction.

Now that reconversion is well under way, the best is yet to come. Take Carrier Air Conditioning for instance, with all the modern improvements . . . perfected during the years when constant research was needed to meet the demands of war in order that air conditioning would function effectively and economically in every climate and under every imaginable condition.

Just as soon as the government releases vital equipment for the manufacture of air conditioning, the Belcher Industries will start filling all orders in sequence . . . bringing you the most scientific and most satisfactory air conditioning system for your home, store, office building, hotel, apartment house, or industrial plant . . . providing you with clean, evenly distributed, draftless air of precisely controlled temperature and humidity . . . day in and day out . . . every day in the year!

### HOUSEKEEPING PAYS

(Continued from page one.) practices, though they may be designed and functioned as such. After the legislature which is 80 per cent lawyers gets thru hammering on a lay the Supreme Court must review and tag it, and "drainage" is the only precedent they have.

The average ground surface of the district is 16.6 and the plan for September shows that two of the three pumps kept the water table in the main pumping canal at about 13.5 for 10 days including the day of the hurricane's arrival, thus giving approximately 2 1/2 feet average freeboard between ground level and water table. Five inches of muck will normally absorb 1 inch rain.

Because the district is new—approximately one year—its three pumps of 180,000 gallons per minute capacity in perfect shape and the ditches in good repair and free of obstructing hydrants, the system was able to perform to full capacity in designed run off of one inch in 24 hours.

The fact that an operating table of 30 inches was consistently adhered to gave a storage capacity for the 5.89 inches of rain on the 15th and allowed the surface water to be moved off quickly.

Although designed to pump against a 5 foot head, up to 9 1/2 feet heads were pumped against immediately following the hurricane, with a 16.9 feet lake level.

The district contains 840.45 acres of land, with 309.6 acres out for roads, ditches and ditches, leaving 8,150.85 acres potentially taxable.

There are three 60,000 gallon per minute reversible pumps each powered with 180 horsepower slow speed diesel engines, with a designed capacity of one inch-plus per minute run-off.

There are 17.72 miles of bonyard ditch at elevation 18 top, and the 6.02 main, or pumping canal is served by 1.63 miles of laterals. Close to a million cubic yards of material were moved.

The cost of the entire installation was \$11.26 per acre of land, \$2.50 per acre is set up as yearly maintenance, with \$3.50 per acre debt service. With most of the land in the \$11.00 and \$15.00 Everglades zone, a total water control tax of \$7.10 or \$7.50 prevails. Approximately 2,000 acres are in the 90c zone.

There's a difference between what an engineer will normally call a smooth and efficient operation and what the dirt farmer thinks is the same. When both are pleased, engineering theory and practical farmer-use are in juxtaposition—everything is hunkydory. That seems to be the case in Eastern Shore District.

Mr. Rube Van, the Glades first bean buyer or broker, and a successful farmer is never given to over-enthusiastic statements, says "Yes, it's a good district—about the best. We are picking beans this week (Oct. 24th) that came thru the hurricane okay. The functioning of water control, I believe, in a well designed district has been clearly demonstrated."

Roy Vandergriff, whose large and successful operation accounts for considerable acreage in the new district states that: "Sure the East Shore is the best sub-drainage district around the lake. Its ditches are new and clean and the pumping equipment is ready to go. Then, there is some judgment used in keeping the water pumped down when a heavy rain or a hurricane is predicted. A well designed system kept in order and good judgment in operating it makes a good operation."

### CITY BUILDING

Continued from page 1 Changes have been made in the original plans for this structure, in that its size has been reduced down to 50x50 feet. This will house the company's electrical supply store. The warehouse will be placed in another location, and will be eliminated from the store building.

Mathis, Bos-Conway, of Pahokee and Belle Glade, have a site located south of the Pioneer Service Station, on which it is proposed to erect a 50x110 two-story business and apartment block. Architects estimate the building cost at \$40,000.

Another projected building, which may not materialize until the coming year, is a structure which will be erected by the Belle Glade Temple Association, representing the interests of the local Masonic lodge. Lands on which this building will be erected lie on Main street, just below the Tamiami Trail station, where soon will be transferred by deed from Mr. and Mrs. Arthur Wells to the Temple company.

Lou Detmer, of the incorpo-

ration, states that this building will be a 50 foot frontage and to cover most of the lot, two stories high, and will have two store units. The upper floor will be fashioned for the use of the Masonic lodge, with lodge ante, recreational rooms and kitchen space, and will cost according to estimates from \$25,000 to \$40,000.

Dr. H. E. Elaberry, the dentist, plans on a two-story block, on Main street, near the proposed new Mathis-Bos building. The lower store room unit will be occupied by the Florida Power and Light Company, as an appliance store room and sub-office, and the upper floor for offices and an apartment for use of Dr. Elaberry. No cost estimates available.

Those buildings, along with the new construction Scarborough, Penrod, Rader and Jones buildings on Avenue A, will bring building investments up to around \$150,000.

### GOLDEN RAMS

(Continued from page one) the two touchdowns credited to that team, after passes from Trice.

Cherry scored the first touchdown on a 25-yard right end run, but missed conversion; he repeated the same act a few minutes later, after the Rams got in scoring position. In the third quarter with goal to gain, Cherry went over for the third touchdown, and also got the conversion point. The final touchdown was scored by Bearden on a nice pass from Cherry, and the line was buckled for the additional center.

The Belle Glade band played during the evening.

Next the entire Glades population of a football type, gathered at Lair field in Pahokee, Friday night, to witness the Ft. Pierce-Pahokee game, but it did not prove near the tough game as played at Ft. Pierce when the Eagles disposed of the Golden Rams by a score of 6-0. The game had not progressed far before it was shown that the Blue Devil team was out of its class, for the visitors simply rolled over them at will. Pahokee had no push or defense and never even threatened the visitors' goal line. The final score was 39-0.

In comparison of the two teams war against the crack Eagles, Belle Glade's showing was by far the better, and dopsters are predicting a Belle Glade victory in the annual clash between the Glades teams here on December 7th.

A cold wind began blowing from the northwest, mid-afternoon, Sunday, which sent the shivers running up and down one's backbone, and sent the thermometer down to around the 45-50 mark, and brought considerable anxiety to produce growers. Weather records at Miami, produced the lowest mark in many years, for this early in the season.

**ALKA-SELTZER  
BRIGHTENS  
MY DAY**

OCCASIONALLY, I wake up in the morning with a headache. It sometimes wears off, along the middle of the forenoon, but I don't want to wait that long, so I drink a glass of sparkling ALKA-SELTZER. In just a little while I am feeling a lot better.

Sometimes the week's tiring time me and makes me sore and stiff. Then I take ALKA-SELTZER to the rescue—a tablet or two and a little hot water and I am like new again.

Any time you get a "stuffy" head, or a "stuffy" body, or a "stuffy" mind, ALKA-SELTZER relieves the pain. It brings relief from so many things, that it's always handy.

Why don't you get a package of ALKA-SELTZER at your drug store today?

Large Package 60¢, Small 30¢.

## TRY THESE GREAT REGIONAL FAVORITES

### SWEET POTATO POKE

Add 1 cup molasses or cane syrup, two well-beaten eggs, two cups of milk, 1 tsp. melted butter, 1 tsp. ground ginger and 1 cup ground cinnamon, in order, to 5½ cups grated sweet potatoes. Turn into a well-greased baking pan and bake about forty-five minutes in a moderate oven. Sprinkle brown sugar and cinnamon over the top at the end of the first thirty minutes.

JAX has mailed \$5.00 to Mrs. D. O. Fox, 1643 Olivia St., Jacksonville 7, Fla. for this interesting regional recipe. Send us your regional recipe suggestion. If published, \$5.00 will be paid for the use. Address: Recipe Editor, JAX Brewing Co., Jacksonville, Florida.

With Sparkling  
**JAX Beer**

Here are two fine regional favorites that literally sparkle with appetizing goodness. Distinctly designed to please our regional tastes and thoroughly pleasing either together or alone, you'll find them worthwhile, adding to the good things you enjoy.

JAX is brewed to please our own highly-developed regional tastes. JAX is a great beer, mellow, golden and mild. Try it today and you'll agree that it's premium in quality although not in price.

Say JAX! You can't get better beer at any price!

## SOUTH BAY BEAN CITY LAKE HARBOR

Willard L. Cook CM 2-6, U. S. N. Military Government Unit, was on Saipan the last letter to be received by his family related. He hopes to be home sometime in January.

J. C. Summerlin has purchased the machine shop formerly occupied by Cees Peet from Ed. Butler and is moving it to his housing unit. He plans to remodel the building into a four apartment house before the packing season is well advanced.

Mr. and Mrs. H. O. Mitchell went to Green Cove Springs to move the personal effects of

## WANTED

More men of Belle Glade to attend Church and Bible school services in the churches of the city. The First Baptist church hereby extends a cordial welcome to all men to attend any and all of its Sunday services.

First Baptist Church

Howell Goodbread, USNAs

1-c, stationed at Opa Locks, was honored at a birthday dinner at the home of his parents, Mr. and Mrs. P. E. Goodbread Sunday. Howell was 19 years of age. His guests were Don Barston and his brother Ralph Goodbread.

Rev. A. B. Peek, for seven years pastor of the South Bay Methodist Church, has just returned from his home at Bala win, Kansas, to spend the winter in Lake Worth.

Mr. and Mrs. Alvin Crow have moved into their new home on Okelanta Road.

Mrs. H. O. Mitchell has opened a grocery store in the new Max Harrelle building at the junction of the county road with South Bay with Road 20.

C. F. Denton will open a City Service Station in the adjoining filling station.

John Henry Hawkins, SN

AS, 1c, has been transferred from Miami to the Great Lakes Training Station for further schooling.

Mr. and Mrs. Robert R. Roadman of Tampa have opened a new and second furniture store in the Marlowe building. Living quarters in the rear have been retrofitted and enlarged to accommodate their family. Two daughters, Marlette and Lucretia, have entered school.

Mrs. S. A. McAllister has received word that her brother, Cpl. Felton H. Luckin, has returned from the Pacific where he was in service with the U. S. Marines for three years. He is at present visiting his parents at Ashburn, Ga.

Robert Moseley of Ft. White is visiting his nephew, H. R. Layfield, and family at Lake Harbor.

Mrs. E. W. McLeod of Cleveland entertained at a family reunion joint birthday dinner honoring her mother, Mrs. J. B. Grant of Lake Harbor and her father-in-law. Other guests were Mrs. J. S. Scogin, Mr. and Mrs. D. L. Campbell, Mr. and Mrs. James Grant, Mr. and Mrs. Billy Grant and James William Layfield all of Lake Harbor.

Mr. and Mrs. Terrell Lee announce the birth of a daughter, Shirley Tyra, at the Cleveland Hospital Nov. 2.

Mr. and Mrs. Marvin Lee announce the birth of a daughter, Jennie Maurine, at Edinburgh, Tenn., on Oct. 31. The two young ladies are cousins.

Marvin Lee MM 2-c is with the U. S. Navy now stationed at Tokyo.

Mr. and Mrs. L. B. Bradlow and house guest Wyna Clouse, Seaside Store Keeper 2-c, motored to Ft. Pierce Sunday to visit their sister, Mrs. R. J. Calhoun. The party went to a public park for a picnic dinner and while there Mrs. Bradlow suffered a broken knee in a fall from playground apparatus and is now a patient at the Ft. Pierce Hospital. Mr. Bradlow is the proprietor of the B. & B. Garage at South Bay.

J. E. Henderson is putting up four duplex apartments on Canal Street in South Bay. He states that the apartments will be completely modern with their own water filter system and full electrical equipment for the kitchen and bath.

W. C. Allen and G. J. Barstow attended the Fall Reunion of the Lake Worth Country

Mr. and Mrs. C. F. Denton to South Bay, where Mr. Denton will manage a filling station now being erected at the junction of the county road with Road 20 by Max Harrelle.

L. C. Moore, South Bay Sugar Plantation Manager, was a week end visitor in Miami.

Mr. and Mrs. Alfred Vadast were guests of Mr. and Mrs. Woodrow Bus of Belle Glade at a birthday dinner in honor of Mr. Bus Monday evening.

Mrs. D. C. Yarbrough of sister Mrs. Q. A. Keene in the Lake Shore Plantations is a school cafeteria for the present.

Mrs. Irene Fave has moved to Hickory Point and Mrs. Mrs. R. L. Lovell and family have moved into the Chester Shaw cottage.

Miss Sparcenia Challancin has returned from Tampa where she visited her sister, Mrs. R. J. Clark, her husband and three children, Bobby, Donna Elaine and Johnny Maurice.

James W. Allen, CSF, spent last week in Ft. Lauderdale as the guest of his shipmate, Fred Elington, and wife.

M. E. Edward of Tampa recently discharged from service after 32 months in the Admiralty Islands, has purchased the Coast Community from J. C. Summerlin. He will be the rating of C.M. 2-c. He will be assisted in the operation of the cafe by his mother, Mrs. Stella Beard, and Mrs. L. E. Taylor. Mrs. Beard is the sister of J. C. Bus, manager of the Royal Store at South Bay.

HALLOWEEN PARTY

Mrs. Mary Guy and Mrs. Charles M. Tryon entertained at a Halloween Tackety Party at the Thruway Club 30.

The young people were entertained with games suitable to the Halloween season, bobbed for apples and toasted winners over an outdoor fire. Punch was served.

Shelburne Tryon won the prize for the tackiest costume and Franklin Hutchinson won the prize for bobbing the most apples. Other guests were Gloria Guy, Inez and Buddy Regier, Charles Tryon, Jr., Glendolyn, Geraldine and Norma Tryon.

PTA To Meet

The Parent Teacher Association will meet at the school auditorium on Monday, Nov. 12, at 7:30, according to an announcement of Mrs. S. M. McAllister, president. The program will consist of a motion picture film to be shown on the new school project. Principal H. S. Enry also has plans for Friday night picture shows for which a small charge will be made to be used for upkeep of the machine, new films and the rental of films for school use.

To Erect Station

Mrs. Mollie Fay Walker and Roy Bots, veteran lieutenant of three years overseas service in Africa and Italy, have formed a partnership to erect a cement block building adjacent to the Thruway Filling Station at the junction of Roads 25 and 26. As soon as the building is completed they will open the "Terminal Soda Fountain Restaurant."

Hallowe'en Carnival At South Bay

South Bay. The Parent Teacher Association sponsored a Hallowe'en Carnival at the school Wednesday night beginning at 6:30. Mrs. R. L. Lovell and faculty assisted by the room mothers and fathers, Thelma Bowen, Laura Willis, M. D. Hardy, Mrs. E. E. Dasher, Mrs. J. W. Strickland, Mrs. B. S. Garvin, Mrs. W. G. Byrd, Mrs. Horne, Mrs. L. O. Ratley, Mrs. Joe Hodges were in charge of arrangements.

A King and Queen were elected and crowned. Eunice McLeod

list of the fourth grade was Queen and Gilly Horse of the sixth grade. Jack \$150.00 was realized on this contest. A donation of \$50.00 from R.H. Hall and Zeke Partain was received for payment on the moving picture projector, which made its first public demonstration at the carnival with a picture presented by the seventh grade.

The program opened with group singing of "Clementine" and "When Johnny Comes Marching Home." Mrs. W. G. Bowen and Mrs. Horne then presented a picture interlude, costumed as negroes.

Prizes were awarded to the winners in the costume contest. Ronnie Bowen was judged the best girls' costume. Sharon Prevaty had the most original costume. Sandra Cooper wore the story book girl's costume. Judy Weathers wore the best all around costume. Richard J. won first prize on the Farmer Boy costume. D. A. Davis won for the best story book costume for boys. Jack Webster all around boys' costume and Billy Miller had the most amusing costume.

The first, second and fifth grades were in charge of the refreshment booth, selling hot dogs, hamburgers, pie, coffee and soft drinks. Two cakes and one pie left at the close of the evening were auctioned off.

Each home room had charge of one amusement, among which were the Spook House, the Fish Pond, Ball Throwing Contest and House of Horrors, the last put on by the eighth grade. Funds realized are to be used to finish paying for the moving picture projector and for the school cafeteria.

## OBSERVATIONS

Continued from page 1  
 strenuous program in view. Educators now look upon a physical education program as essential as the book learning, for it builds for efficiency, better health, better manhood and womanhood.

Then to those who are of a musical inclined nature, Mrs. Alley has her choir and band groups, so that highly desirable attainment to be a musician is not neglected. Those who are of an artistic mind and those who turn to domestic science lines,

are not without their opportunity for instruction. Prof. Davidson sees that the FF of A lads are given plenty of work and instruction in the know-how of farming.

County Superintendent of Public Instruction, John O. Leonard, beamed with satisfaction, as he related to the Lion's club, the growth of the public educational system in this county and what the Glades section played in it. Among his statements are the following:

Palm Beach county was the

first to adopt the system of taking board monies from the rich district to aid the poorer ones in building up their school plants and presenting better courses of study and teaching personnel. The State Department has now adopted this system, and as a result all 67 counties are getting the aid needed to have an equalized school program.

That for the first time in the history of the county, and possibly in the state, the County Board has been forced to go into the realty and rental mar-

ket, in order to secure adequate housing facilities for its teaching staffs, and Belle Glade was one of the instances.

That the County Board has established a new department of Adult and Veteran education, to accommodate such as might prepare them for high school courses, leading up to a diploma, the possession of which is a very much sought and important document in the business world these days.

When a group of seven or more indicate that they want a class in any subject, a competent teacher will be provided, and later examinations.

That there are 4500 negro children in the schools. Many others not in school, and how to house them is a big puzzle.

That in the next five years an investment of at least a half million dollars will need be expended in the Glades area alone. That the Board is a BIG BUSINESS, paying out more than a million a year for teaching and supervision.

Butter production people now have a new method of packaging butter for use in hotels and restaurants. They simply roll it into a slab, erase it like chocolate cakes, and wrap it. The user simply breaks it up when needed and you have your uniform rationed butter patty.

Local shoe dealers state that there were no rushes to purchase shoes after the ration requirements were lifted by the Government. While dealers had a good supply of non-ration shoes on hand, and less of those which were on the list, stocks are not so heavy but what all can be disposed of when buying does begin. New shoes are not expected to reach the market for some weeks away, and for this type of shoe, a price advance is expected, owing to the hiking of manufacturer and jobber prices.

There is a dream in the minds of Principal Frank Holman and Coach William Cook, that before the 1946 football season opens up, that there will be some way devised to secure a travel bus, for the use of the Golden Rams in making trips to and from out of town games. Such equipment would be of great value, as team members would then all be moved in one group and under school authority, rather than scattered in private cars, with possibility of players not reaching destination in time for games. What Midas source is going to spring up locally to see that this bus is provided?

Couch Browning, who instructs the junior football players, told the Lion's club of the season's work of his proteges. They, so far, have played four games, winning two, tying one, and losing one, with three more games to be played. He suggested that the Lion's club take some steps to give these youths some recognition for their season's work. That suggestion is to be carried out.

"When a dog bites a man, that's not news, but when a man bites a dog, then that's news," according to Mark Twain's philosophy. Island land owners have adopted a similar theory and have put it to work. To protect a field, water is usually pumped from the fields; but now they find it necessary to pump water out of the road to protect the road, and are building a protective dyke for that purpose. The world does get turned around once in a while.

After witnessing the game between Pahokee and Ft. Pierce, Belle Glade fans are of the opinion that the Golden Rams have a mighty good chance of winning the annual inter-city school game on December 7th here. Playing the hardest kind of ball against Belle Glade, the Eagles could score but one touchdown, and very fortunate to do that while in the easiest possible and without much effort, they rolled the Blue Devils for a score of 39 to 0, handing the sister city team one of the worst defeats in the history of the school.

FAIR Play

In the crucial years that are now behind us, America has shown the world what a people united can do. Farmers, factory workers, management, transportation men—all have performed magnificently in the job of bringing final victory. The railroads of the country have demonstrated anew their worth in war. They are equally indispensable to the pursuits of peace. In the future, as in the past, Seaboard Air Line Railway will strive in every way to provide the superior brand of transportation demanded by the public. In doing so, we ask only to be accorded the fair play that is traditionally American—an open field for all and special privileges to none.

The spirit of cooperation and mutual understanding which characterized our war effort, if carried over into the years of peace ahead, will bring us the most satisfying prosperity America has ever known. It is in this spirit—and with the sincere desire to work with our friends and neighbors for the common good—that Seaboard looks to the future.
